

WAIZ KURUNI AHMED ZISAN

Electrical Diploma Engineer (Automation & Maintenance)

+880 1823805134 wkazisan@gmail.com wkazisan.pro.bd
wkazisan Near DUET 2nd Campus, Joydebpur, Gazipur

Eager to begin a career as a Maintenance or Automation Engineer in a progressive industrial sector (such as Garments, Textile, FMCG, Power Plant, or Factory Automation). Seeking to leverage practical expertise in PLC (Siemens S7-1200), VFD, HMI, RLC & MCC Control Panel Design and Industrial Troubleshooting to minimize factory downtime and ensure efficient operations.

TECHNICAL SKILLS

Industrial Automation : Siemens S7-1200 PLC, Ladder Logic Programming, HMI Design, Analog I/O Processing, Advanced Instrumentation & Calibration, Multi-Brand VFD, Servo & Stepper Motor Control, RLC & MCC Logic Design, DOL/Star-Delta/F-R Starters.

Industrial Communication : PROFINET , Modbus (RTU/ RS-232, RS-485,) PLC-HMI-VFD Integration, Device Diagnostics

Software & Documentation : TIA Portal, Automation Studio, Factory IO, Delta VFDSOFT, MS Excel, MS Office, Google Workspace, Engineering Documentation, Flexem Servo, WPLSOFT

Soft Skills : Team Leadership, Critical Thinking, Technical Reporting, Problem-Solving, Client Handling

TECHNICAL TRAINING EXPERIENCE

Automation Pro Trainee , Ulterior Engineering Ltd, Gazipur July, 2026

- **Core Modules:** PLC, VFD & HMI (Multi-Brand), MCC/RLC, and Servo/Stepper Motor Control.
- **Status:** Completed

Electrical Engineering Intern - Dynamic Engineering Solutions Sep- Nov 2025

- **Core Module:** Semi-Automation, Star-Delta, R-F Starter
- **Status:** Completed

ADDITIONAL EXPERIENCE

Team Lead (Sales & Media), Manarah Publication, Mymensingh Oct - Dec 2024

- Led a small team and coordinated daily activities
- Developed communication and client handling skills
- Improved problem-solving and decision-making ability

Member, Convening Committee (Bikkhon Wing) ,Mymensingh Sahitya Sangsad 2023–2024

- Worked in team coordination and event management
- Assisted in planning and execution of programs

INDUSTRIAL PROJECTS & AUTOMATION EXPERIENCE

Key Automation Projects:

Industrial Oil Mill Automation System (FMCG / Food Processing)

- Associated With: Ulterior Engineering Ltd
- Core Skills: Siemens S7-1200 PLC, VFD Integration, Relay Logic, Induction Motor Control, Ladder Logic Programming.

11KV Motor Start-Stop & Tripping Sequence (Substation / Power Plant)

- Associated With: Ulterior Engineering Ltd
- Core Skills: High Voltage Protection Logic, MCC Panel Control, Electrical Interlocking, Fault Diagnostics.

Industrial Washing Machine Automation (Textile & Garments)

- Associated With: Ulterior Engineering Ltd
- Core Skills: PLC Programming, HMI Interfacing, Forward-Reverse Motor Control, Timer/Counter Logic.

Particle Mill Process & Chipper Machine Control (Cement / Heavy Industry)

- Associated With: Ulterior Engineering Ltd
- Core Skills: Sequential Control, Sensor Integration, Load Monitoring, Panel Wiring.

Pick and Place Robotic Arm Control (Packaging / Manufacturing)

- Associated With: Ulterior Engineering Ltd
- Core Skills: Delta DVP/SX2 & Siemens S7-1200 PLC, Position Control, Pneumatic/Actuator Sequence.

Fan Coil Unit (FCU) Automation (HVAC / Facility Maintenance)

- Associated With: Ulterior Engineering Ltd
- Core Skills: Temperature Control Logic, Blower Speed Regulation, Energy Optimization.

Mini & Specialized Projects:

- **Process Control:** Automatic Boiler, Automatic Liquid Mixing, Mixing Control In Tank.
- **Sorting & Packaging:** Automatic Product Sorting, Automatic Bottle Filling, Coffee Mixer.
- **Facility & Logistics:** Automatic Door System, Dual Conveyor Belt, Smart Car Parking Project.

EDUCATION

Mymensingh Polytechnic Institute, Mymensingh Diploma in Electrical Technology Result: 3.08	2022-2025
Mymensingh Technical Training Center, Mymensingh SSC Vocational in General Electronics GPA: 5	2019 - 2021

LANGUAGE

- ENGLISH (CEFR B2)
- BANGLA (Native)
